**Pink Ladies Have “White Elephant Sale”**

Mississippi County PINK LADIES really know how to pull off a “White Elephant Sale”! Linda Holland and Ethel Mae Beall stepped right up and organized a way for the Osceola Memorial Hospital Auxiliary to earn extra money for our number 1 project of each year: giving out 12 Medical College Scholarships.

On May 1, 2025, the ladies began going through, not only their closets, but those of family and friends to find “Gently Worn Clothes” that could be part of the Sale. Word was passed around the hospital employees also to dig deep and come up with amazing items that could be assembled to sale. You would not believe what fantastic items were brought out. These included: shoes, boots, purses, backpacks, travel satchels, blouses, pants, skirts, sweaters and there is still more. Jewelry was hung on a board, unlit candles, kitchen and household decorations, Afghans, and pictures that would change the looks of any room.

On the day of pricing, the ladies cut and slashed the costs, and it made people even more anxious to say “Yes, to the Dress!” The Pink Ladies earned as much as they did from a Vendor Event. We have decided to continue the event every other Friday for the time being. 10/12 volunteers participated in this event and the continued events. Money was added to their coffers, and it was easy to say that a new Scholarship was added for this year’s event. We were able to award 12 Scholarships (\$1,000 each) to 12 deserving and needing students that are making the Medical Field a priority in their education.
